Absolute Citron 100cl
Model: 09020038
ABSOLUT CITRON was good news for “vodka on the rocks with a twist of lemon” fans back in the 80’s (and there were lots of them). More specifically ABSOLUT CITRON was launched in 1988, nine years after ABSOLUT ORIGINAL and two years after the first flavored family member ABSOLUT PEPPER. The success was major among the twist-of-lemon-people, but it also became the main ingredient in the blockbuster drink “Cosmopolitan”.

Becardi Superior
Model: 09010003
<p>The Spirit of BACARDI</p> <p>The vibrant spirit of the brand has been part of celebrating taste for life all over the world, for over 145 years. To this day the Bacardi Family continues to celebrate its taste for life and shares it with others with the rum developed by Don Facundo in Santiago de Cuba in 1862.</p> <p>The Taste of BACARDI</p> <p>Due to BACARDI Superior rum's perfectly balanced taste, it was used by cocktail pioneers as the principle ingredient in the birth of the world's best known rum cocktails – including the Mojito (1860's), Daiquirí (1896), the Cuba Libre (1900), the Bacardi Cocktail™ (1917).</p> <p>Legacy of BACARDI</p> <p>BACARDI is Superior because, starting with Don Facundo, in every generation there has been a dedicated Master Rum Craftsman, El Maestro Artesano del Ron – this man decides which rums will be selected and how long they will be aged in order to deliver the BACARDI Superior taste. In a modern world he still does this only with the aid of his own senses – observing, nosing, and tasting the rum at every stage of its development.</p>

Stolichnaya Russian Vodka (1 Litre)
Model: 09010039
Stolichnaya is the world's number one genuine Russian vodka. Stolichnaya or Stoli to it's many friends, is an authentic family of Russian vodkas, made in the traditional Russian manner using production techniques that date back to the fifteenth century. Only the very finest natural ingredients find their way into Stolichnaya. There's no mistaking the Stoli on the table or the tongue. The iconic red label stands out from the masses. Complex layers of flavour and an unmistakable quality tell you you're drinking Stoli the second you raise the glass to your mouth. Born and bred in St. Petersburg's most distinguished distillery, it owes it's smooth and velvety character to the high quality ingredients as well as the double distillation and quadruple filtration processes. The vodka of modern times came about in the early 1800s, when it was discovered that filtration through charcoal eliminated most of the impurities, to create a smoother, more palatable spirit. Stolichnaya's a a high quality family of Russian vodkas with complex layers of flavour. Stolichnaya uses winter wheat, softened water and a 500-year-old Russian double distillation method. Combined with a quadruple-filtration process, this yields a high-quality family of genuine Russian vodkas with complex layers of aroma and flavour. Enjoy Stoli the way it should be enjoyed, frozen!

Jewelry of Nepal
Model: 09010066
Jewelry of Nepal by Hannelore Gabriel In many parts of Asia, folk jewelry, the most dazzling expression of material culture has disappeared in the wake of modernization. In Nepal, however, where the Himalayas have formed a barrier to outsiders for centuries, native jewelry traditions have endured. Jewelry in Nepal is worn for decorative, talismanic and investment purposes, with lavish pieces donned to celebrate marriage or promote fertility and amulets worn to ward off negative influences. Gold and silver is freely used, as are beads of glass, coral, turquoise, amber and agate. Illustrated with hundreds of beautiful color photographs, this is the most comprehensive study of the subject available. In sixteen trips to Nepal's most inaccessible areas, goldsmith and jewelry designer Hannelore Gabriel has documented the local jewelry worn for both daily and ceremonial use. She discusses the function and history of jewelry in Nepal, its materials, symbolism and connection with religion. The central portion of the book introduces, item by item, the important jewelry of the shamans. A comprehensive reference section includes important tips on collecting and preserving both new and antique pieces, as well as a glossary and extensive bibliography.

Freedom in Exile: The Autobiography of the Dalai Lama of Tibet
Model: 09010053
<p>Freedom in Exile: The Autobiography of the Dalai Lama of Tibet by the Dalai Lama</p> <p>In 1938 a two-year-old boy was recognised through a traditional process of discovery as being the reincarnation of all previous Dalai Lamas, the spiritual rulers of Tibet. Taken away from his parents, he was brought up in Lhasa according to a monastic regimen of rigorous austerity and in almost total isolation.</p> <p>When aged seven he was enthroned in the 1000-room Potala palace as the supreme spiritual leader of a nation the size of Western Europe, with a population of six million. And at fifteen, he became head of state.</p> <p>With Tibet under threat from the Communist Chinese, there followed a traumatic decade during which he became the confidant of both Chairman Mao and Jawaharlal Nehru as he tried to maintain autonomy for his people. In 1959, he was finally forced into exile -- followed by over 100,000 destitute refugees. Since then, in the exile in the Himalayan village of Dharmasala, he has devoted himself to the plight of his people and to promoting world peace through an unwavering policy of non-violence.</p> <p>Here in his own words he describes what it was like to grow up revered as a deity among his people, reveals his innermost feelings about his role, and discusses the mysteries of Tibetan Buddhism. He tells of secret deals struck with the CIA as Tibet continued to struggle for independence, talks freely of the many world leaders he has known, and talks of the West's malaise from his standpoint as a spiritual and temporal figure of world renown.</p>

Man of Everest: The Autobiography of Tenzing. Told to James Rams

Model: 09010054

Man of Everest: The Autobiography of Tenzing. Told to James Ramsey Ullman.

by Sherpa Tenzing with James Ramsey Ullman.

This is fascinating life story of Sherpa Tenzing, who captured the imagination of the world when he climbed Everest with Edmund Hillary in May 1953.

Overnight this humble Sherpa became a world-famous hero. This book tells of the three distinct phases in his life: first, childhood and youth in a Sherpa village a day's march from Everest; second, the twenty years spent in and around Darjeeling as a porter and member of numerous expeditions; third, his life since 29 May 1953.

It is impossible not to be fascinated by the story of Tenzing. Even those not interested in climbing mountains must find themselves held by the image of an illiterate boy herding yaks under the southern ramparts of Everest, looking up at them with longing and then, many years later, looking down from that summit which is the highest in all the world. Such a tale is bound to be one of courage and hardihood; yes, and of a noble ambition leading on towards that final goal.

Famous Vegetarians and their Favorite Recipes: Lives and Lore from Buddha to the Beatles by Rynn Berry This book has more than 70 recipes favoured by people like Leonardo Da Vinci, George Bernard Shaw, Mahatma Gandhi, Percy Shelley and even Socrates, Plato, Jesus Christ and the Buddha. More than being a cookbook author, Rynn Berry is a literary detective and scholar adventurer. Most of the recipes are culled from cookbooks left behind or from the notes of family members or housekeepers. Other recipes were gleaned or carefully recreated from historical accounts.

Hunting for Honey: Adventures with the Rajis of Nepal
Model: 09010056
<p>Hunting for Honey: Adventures with the Rajis of Nepal</p> <p>by Eric Valli</p> <p>In the plain of the Ganges in souther Nepal, Eric Valli has discovered the existence of a fascinating nomadic tribe living in perfect harmony with nature. Known as the 'bee people', the Rajis survive by harvesting wild honey and by fishing; a way of life that seems to have remained unchanged for centuries.</p> <p>In a forest where the overwhelming sound is the humming of bees, they collect wild honey from immense hives perched high in gigantic trees. The honey is a source of food, but also a healing substance for wounds, and a valuable commodity that can be sold to the other inhabitants of the plain.</p> <p>Using smoking fires to drive out and subdue the bees, men, women and children work together to collect the honeycombs. They take care to leave the hives intact, so that the bees will return year after year, and their supply of honey can be replenished.</p> <p>Eric Valli has done just that, following this wandering tribe who live surrounded by the perils and dangers of nature and who seek protection from the gods of the trees, rocks and rivers. The immense forest that once covered this part of Nepal is disappearing, and the future of this endearing people is very much in jeopardy.</p> <p>Through the striking beauty of the photographs and the author's moving commentary, the simple but magical lives of the honey hunters, the simple but magical lives of the honey hunters, now threatened by the destruction of their environment are vividly brought to life.</p>

Harry Potter and the Chamber of Secrets

Model: 09010013

Harry Potter and the Chamber of Secrets

It's hard to fall in love with an earnest, appealing young hero like Harry Potter and then to watch helplessly as he steps into terrible danger! And in J.K. Rowling's Harry Potter and the Chamber of Secrets, the much anticipated sequel to the award-winning Harry Potter and the Sorcerer's Stone, he is in terrible danger indeed. As if it's not bad enough that after a long summer with the horrid Dursleys he is thwarted in his attempts to hop the train to the Hogwarts School of Witchcraft and Wizardry to begin his second year. But when his only transportation option is a magical flying car, it is just his luck to crash into a valuable (but clearly vexed) Whomping Willow. Still, all this seems like a day in the park compared to what happens that fall within the haunted halls of Hogwarts.

Chilling, malevolent voices whisper from the walls only to Harry, and it seems certain that his classmate Draco Malfoy is out to get him. Soon it's not just Harry who is worried about survival, as dreadful things begin to happen at Hogwarts. The mysteriously gleaming, foot-high words on the wall proclaim, "The Chamber of Secrets Has Been Opened. Enemies of the Heir, Beware." But what exactly does it mean? Harry, Hermione, and Ron do everything that is wizardly possible--including risking their own lives--to solve this 50-year-old, seemingly deadly mystery. This deliciously suspenseful novel is every bit as gripping, imaginative, and creepy as the first; familiar student concerns--fierce rivalry, blush-inducing crushes, pedantic professors--seamlessly intertwine with the bizarre, horrific, fantastical, or just plain funny. Once again, Rowling writes with a combination of wit, whimsy, and a touch of the macabre that will leave readers young and old desperate for the next installment.

Harry Potter and the Deathly Hallows
Model: 09010014
Harry Potter and the Deathly Hallows
<p>Readers beware. The brilliant, breathtaking conclusion to J.K. Rowling's spellbinding series is not for the faint of heart--such revelations, battles, and betrayals await in Harry Potter and the Deathly Hallows that no fan will make it to the end unscathed. Luckily, Rowling has prepped loyal readers for the end of her series by doling out increasingly dark and dangerous tales of magic and mystery, shot through with lessons about honor and contempt, love and loss, and right and wrong. Fear not, you will find no spoilers in our review--to tell the plot would ruin the journey, and Harry Potter and the Deathly Hallows is an odyssey the likes of which Rowling's fans have not yet seen, and are not likely to forget. But we would be remiss if we did not offer one small suggestion before you embark on your final adventure with Harry--bring plenty of tissues.</p> <p>The heart of Book 7 is a hero's mission--not just in Harry's quest for the Horcruxes, but in his journey from boy to man--and Harry faces more danger than that found in all six books combined, from the direct threat of the Death Eaters and you-know-who, to the subtle perils of losing faith in himself. Attentive readers would do well to remember Dumbledore's warning about making the choice between "what is right and what is easy," and know that Rowling applies the same difficult principle to the conclusion of her series. While fans will find the answers to hotly speculated questions about Dumbledore, Snape, and you-know-who, it is a testament to Rowling's skill as a storyteller that even the most astute and careful reader will be taken by surprise.</p> <p>A spectacular finish to a phenomenal series, Harry Potter and the Deathly Hallows is a bittersweet read for fans. The journey is hard, filled with events both tragic and triumphant, the battlefield littered with the bodies of the dearest and despised, but the final chapter is as brilliant and blinding as a phoenix's flame, and fans and skeptics alike will emerge from the confines of the story with full but heavy hearts, giddy and grateful for the experience.</p>

<p>Harry Potter and the Goblet of Fire</p> <p>Model: 09010015</p> <p>Harry Potter and the Goblet of Fire</p> <p>In Harry Potter and the Goblet of Fire, J.K. Rowling offers up equal parts danger and delight--and any number of dragons, house-elves, and death-defying challenges. Now 14, her orphan hero has only two more weeks with his Muggle relatives before returning to Hogwarts School of Witchcraft and Wizardry. Yet one night a vision harrowing enough to make his lightning-bolt-shaped scar burn has Harry on edge and contacting his godfather-in-hiding, Sirius Black. Happily, the prospect of attending the season's premier sporting event, the Quidditch World Cup, is enough to make Harry momentarily forget that Lord Voldemort and his sinister familiars--the Death Eaters--are out for murder.</p> <p>Readers, we will cast a giant invisibility cloak over any more plot and reveal only that You-Know-Who is very much after Harry and that this year there will be no Quidditch matches between Gryffindor, Ravenclaw, Hufflepuff, and Slytherin. Instead, Hogwarts will vie with two other magicians' schools, the stylish Beauxbatons and the icy Durmstrang, in a Triwizard Tournament. Those chosen to compete will undergo three supreme tests. Could Harry be one of the lucky contenders?</p> <p>But Quidditch buffs need not go into mourning: we get our share of this great game at the World Cup. Attempting to go incognito as Muggles, 100,000 witches and wizards converge on a "nice deserted moor." As ever, Rowling magicks up the details that make her world so vivid, and so comic. Several spectators' tents, for instance, are entirely unquotidian. One is a minipalace, complete with live peacocks; another has three floors and multiple turrets. And the sports paraphernalia on offer includes rosettes "squealing the names of the players" as well as "tiny models of Firebolts that really flew, and collectible figures of famous players, which strolled across the palm of your hand, preening themselves." Needless to say, the two teams are decidedly different, down to their mascots. Bulgaria is supported by the beautiful veela, who instantly enchant everyone--including Ireland's supporters--over to their side. Until, that is, thousands of tiny cheerleaders engage in some pyrotechnics of their own: "The leprechauns had risen into the air again, and this time, they formed a giant hand, which was making a very rude sign indeed at the veela across the field."</p> <p>Long before her fourth installment appeared, Rowling warned that it would be darker, and it's true that every exhilaration is equaled by a moment that has us fearing for Harry's life, the book's emotions running as deep as its dangers. Along the way, though, she conjures up such new characters as Alastor "Mad-Eye" Moody, a Dark Wizard catcher who may or may not be getting paranoid in his old age, and Rita Skeeter, who beetles around Hogwarts in search of stories. (This Daily Prophet scoop artist has a Quick-Quotes Quill that turns even the most innocent assertion into tabloid innuendo.) And at her bedazzling close, Rowling leaves several plot strands open, awaiting book 5. This fan is ready to wager that the author herself is part veela--her pen her wand, her commitment to her world complete.</p> <p>\$50.00</p>

<p>Harry Potter: The Tales of Beedle the Bard</p>
<p>Model: 09010016</p>
<p>The Tales of Beedle the Bard, Standard Edition</p> <p>Offering the trademark wit and imagination familiar to Rowling's legions of readers--as well as Aesop's wisdom and the occasional darkness of the Brothers Grimm--each of these five tales reveals a lesson befitting children and parents alike: the strength gained with a trusted friendship, the redemptive power of love, and the true magic that exists in the hearts of all of us. Rowling's new introduction also comments on the personal lessons she has taken from the Tales, noting that the characters in Beedle's collection "take their fates into their own hands, rather than taking a prolonged nap or waiting for someone to return a lost shoe," and "that magic causes as much trouble as it cures."</p> <p>But the true jewel of this new edition is the enlightening and comprehensive commentary (including extensive footnotes!) by Professor Albus Percival Wulfric Brian Dumbledore, who brings his unique wizard's-eye perspective to the collection. Discovered "among the many papers which Dumbledore left in his will to the Hogwarts Archives," the venerable wizard's ruminations on the Tales allow today's readers to place them in the context of 16th century Muggle society, even allowing that "Beedle was somewhat out of step with his times in preaching a message of brotherly love for Muggles" during the era of witch hunts that would eventually drive the wizarding community into self-imposed exile. In fact, versions of the same stories told in wizarding households would shock many for their uncharitable treatment of their Muggle characters.</p> <p>Professor Dumbledore also includes fascinating historical backstory, including tidbits such as the history and pursuit of magic wands, a brief comment on the Dark Arts and its practitioners, and the struggles with censorship that eventually led "a certain Beatrix Bloxam" to cleanse the Tales of "much of the darker themes that she found distasteful," forever altering the meaning of the stories for their Muggle audience. Dumbledore also allows us a glimpse of his personal relationship to the Tales, remarking that it was through "Babbity Rabbity and Her Cackling Stump" that "many of us [wizards] first discovered that magic could not bring back the dead."</p> <p>Both a wise and delightful addition to the Harry Potter canon, this new translation of The Tales of Beedle the Bard is all that fans could hope for and more--and an essential volume for the libraries of Muggles, wizards, and witches, both young and old.</p>

<p>The Jungle Book</p> <p>by Rudyard Kipling</p> <p>Sher Kahn, Mowgli, Bagheera, these are the names that evoke an instant picture of a misty land, where dense jungles brush up to crumbling, once majestic, old forts and places in distant India.</p> <p>One of Rudyard Kipling's most famous books, written originally for children, is The Jungle Book. This classic new edition offers us a collection of tales guaranteed to impress today's younger readers as much as it did when it was first published.</p> <p>The principal character in The Jungle Book was Mowgli, the man-cub, and it inspired Lord Baden Powell, the founder of the scouting movement, which has now spread worldwide. This book's narratives are much more than mere fairy tales: there are moral lessons woven into these tales.</p>

Democracy Without Roots
Model: 09010060
Democracy Without Roots by Jan Sharma. Edited by Phoebe Folger. The introduction of democracy in Nepal in 1990 has generated a new enthusiasm in Nepali society for openness and debate. With freedom of expression guaranteed by the new Constitution, there exists a commitment on the part of a broad section of society to get its points across, if not to redefine contemporary history itself. These are symptoms of a vibrant democratic society attempting to discover itself. This book is a laudable effort to place the records of the current transitional phase into perspective. It will probably not be the last word on the subject. Hopefully, it will encourage, or be followed by, others with varying interpretation of events and thus continue to offer our society a lucid picture of the Nepalese as they are today.

The Hindu Art of Love: A Translation of the Ananga Ranga
Model: 09010063
<p>The Hindu Art of Love: A Translation of the Ananga Ranga</p> <p>by Kalyana Malla. Translated by Sir Richard F Burton.</p> <p>The Indian poet, Kalyana Malla, compiled The Hindu Art of Love (or, as it was originally titled, the Ananga Ranga) to promote overall physical pleasure in marriage. Adding to the great interest and appeal of this unique love treatise is the superb translation by Sir Richard Burton whose purpose in presenting this book was not to encourage 'chambering and wantonness', but to enhance conjugal happiness between husband and wife. His translation is a sincere attempt to save the married couple from monotony and satiety by varying their pleasure in every conceivable way and by supplying them with a means of being physically pleasant to each other.</p> <p>Sexual frankness without a sense of guilt or prurience is the great legacy which the Eastern, and in particular Indian, traditions have given us. The Hindu Art of Love presents itself as a true expression of human culture and as a pillow book for the modern boudoir. It sets forth the principles of sensual pleasure with poetry, wisdom and humour, celebrating love as an ecstatic expression of life's beauty.</p> <p>Sir Richard Burton (1821-1890) was one of greatest travellers and explorers of history. His life was the subject of a recent biography (Captain Sir Richard Burton) and a recent film (Montains of the Moon). Orientalist, linguist, ethnologist, prolific author and member of the Royal Geographic Society, he was one of the most remarkable and controversial men of his century who railed against the 'immodest modesty, cant and hypocrisy of his era.</p> <p>&nbsp;</p>

<p>As the River Joins the Ocean: Reflections about J Krishnamurti</p> <p>by G Narayan</p> <p>J Krishnamurti (1895-1986), a revolutionary mystic and an iconoclastic author and speaker, had a profound impact on vast numbers of people for more than half of the 20th century. He counted as closest to him the nameless millions of serious and questioning people worldwide who strove to break the bonds of religious and psychological suffering.</p> <p>Krishnamurti's nephew, Giddhu Narayan, has written a gentle memoir, As the River Joins the Ocean, that illuminates Krishnamurti in ways that more formal biographies have not.</p> <p>The family genealogy shows the humble origins of the great teacher. His touching lifelong concern and compassion for people and for his own family, reveal him to be deeply related to humanity.</p> <p>This new memoir by a devoted student of the teachings is an important historical document for scholars and others concerned with Krishnamurti's unique approach to the perennial issues that perplex humanity.</p> <p>&nbsp;</p>

Erotic Art of the Kathmandu Valley
Model: 09010067
<p>Erotic Art of the Kathmandu Valley</p> <p>by Bob Gibbons and Sian Pritchard-Jones</p> <p>This is a book about the erotic art of Nepal in its various forms. It is also a book about the Kathmandu valley, its strange, mysterious, magical and enchanting powers.</p> <p>Whether we speak of the odd-looking, carved stone representations at Pashupatinath, or the colourful wooden imagery that is found on many of the temples of the valley, you are sure to be completely surprised in more ways than one.</p> <p>* What do these exotic and erotic art forms really represent? * Why have such images been placed on the external structure of so many sacred temples? * Who do these erotic depictions serve?</p> <p>This book goes a long way to providing an insight into these questions. It gives us glimpses of life depicted as explicitly as it may without hurting the sentiments of more conservative societies.</p> <p>"This 'naughtiness' of Nepalese art may send blushes to the furthest periphery of your senses. If you like your art to be saucy, sexy and straight to the point, read on. Please remember, this is a serious book!"</p> <p>&nbsp;</p>

Freedom in Exile: The Autobiography of the Dalai Lama of Tibet
Model: 09010053
Freedom in Exile: The Autobiography of the Dalai Lama of Tibet by the Dalai Lama
In 1938 a two-year-old boy was recognised through a traditional process of discovery as being the reincarnation of all previous Dalai Lamas, the spiritual rulers of Tibet. Taken away from his parents, he was brought up in Lhasa according to a monastic regimen of rigorous austerity and in almost total isolation.
When aged seven he was enthroned in the 1000-room Potala palace as the supreme spiritual leader of a nation the size of Western Europe, with a population of six million. And at fifteen, he became head of state.
With Tibet under threat from the Communist Chinese, there followed a traumatic decade during which he became the confidant of both Chairman Mao and Jawaharlal Nehru as he tried to maintain autonomy for his people. In 1959, he was finally forced into exile -- followed by over 100,000 destitute refugees. Since then, in the exile in the Himalayan village of Dharmasala, he has devoted himself to the plight of his people and to promoting world peace through an unwavering policy of non-violence.
Here in his own words he describes what it was like to grow up revered as a deity among his people, reveals his innermost feelings about his role, and discusses the mysteries of Tibetan Buddhism. He tells of secret deals struck with the CIA as Tibet continued to struggle for independence, talks freely of the many world leaders he has known, and talks of the West's malaise from his standpoint as a spiritual and temporal figure of world renown.

Man of Everest: The Autobiography of Tenzing. Told to James Rams
Model: 09010054
Man of Everest: The Autobiography of Tenzing. Told to James Ramsey Ullman. by Sherpa Tenzing with James Ramsey Ullman. This is fascinating life story of Sherpa Tenzing, who captured the imagination of the world when he climbed Everest with Edmund Hillary in May 1953. Overnight this humble Sherpa became a world-famous hero. This book tells of the three distinct phases in his life: first, childhood and youth in a Sherpa village a day's march from Everest; second, the twenty years spent in and around Darjeeling as a porter and member of numerous expeditions; third, his life since 29 May 1953. It is impossible not to be fascinated by the story of Tenzing. Even those not interested in climbing mountains must find themselves held by the image of an illiterate boy herding yaks under the southern ramparts of Everest, looking up at them with longing and then, many years later, looking down from that summit which is the highest in all the world. Such a tale is bound to be one of courage and hardihood; yes, and of a noble ambition leading on towards that final goal.

Absolute Citron 100cl
Model: 09020038
ABSOLUT CITRON was good news for “vodka on the rocks with a twist of lemon” fans back in the 80’s (and there were lots of them). More specifically ABSOLUT CITRON was launched in 1988, nine years after ABSOLUT ORIGINAL and two years after the first flavored family member ABSOLUT PEPPER. The success was major among the twist-of-lemon-people, but it also became the main ingredient in the blockbuster drink “Cosmopolitan”.

Johnnie Walker Gold Label
Model: 09010008
Johnnie Walker Gold Label Gold Label is a superior deluxe 18-year-old blended Scotch whisky made from an exclusive selection of 15 different aged whiskies. The brand delivers an exceptionally smooth taste together with a richness of character and lasting finish. Its colour should be rich gold with gold glints and its nose is full round and deep, with traces of soft raisins and toffee, fresh malt and light cream. For an even more rewarding experience, try freezing the bottle of Gold Label and serve it straight. By chilling the liquid so much, its uniquely subtle fruit flavour and honey sweetness are beautifully enhanced. The rather indulgent act of drinking this divine whisky frozen is even better with chocolate - heaven indeed!

Johnnie Walker Red Label
Model: 09010010
<p>Johnnie Walker Red Label 1L</p> <p>Johnnie Walker Red Label, with its distinctive and exuberant flavour was created to be drunk as a long drink - a favourite choice for celebrating every day. It was originally known as Extra Special Old Highland Whisky, and was introduced as Red Label in 1909 to suit a new generation of whisky drinkers. The intrepid slanted Red and Gold Label can be found in more than 200 countries and is seen in virtually every busy bar around the globe. It's always been a drink that captures a truly international spirit and as it has been proved over the decades, from it's earliest branding, to be the world's favourite whisky.</p> <p>The world's best selling whisky is still going strong. Red Label is a powerful combination of spicy, smoky malts, such as Talisker, and lingering, lighter grains. Its robust qualities are what make it so good for drinking long. The global success of Red Label is just one reason why it is now considered to be the classic taste of blended Scotch whisky. This youthful, vibrant whisky is perfect for mixing. Few other spirits are able to retain their true character when mixed. It has a robust and traditional Scotch flavour which means that it can be fully enjoyed as a long drink with a variety of mixers and flavours.</p>

Absolute Citron 100cl
Model: 09020038
ABSOLUT CITRON was good news for “vodka on the rocks with a twist of lemon” fans back in the 80’s (and there were lots of them). More specifically ABSOLUT CITRON was launched in 1988, nine years after ABSOLUT ORIGINAL and two years after the first flavored family member ABSOLUT PEPPER. The success was major among the twist-of-lemon-people, but it also became the main ingredient in the blockbuster drink “Cosmopolitan”.

Absolute Vodka 100cl
Model: 09010002
Item Description
Absolut Vodka is a Swedish brand of vodka, produced near Åhus, Scania, in southern Sweden. In March 2008, the Swedish government, owner of Absolut through its V&S Group, sold Absolut to the French firm Pernod Ricard.
Building on a four century tradition of producing vodka at Åhus, Absolut was introduced in 1879 by the entrepreneur Lars Olsson Smith.
Absolut is the third largest brand of alcoholic spirits in the world after Bacardi and Smirnoff, marketed in 126 countries.

Beefeater - Dry Gin
Model: 09010004
Gin is a hard alcohol flavored with the seeds of the juniper bush. Gin is a rather dry alcohol and is rarely drunk on its own, but used instead as a base for many different types of drinks. Good gin is very smooth, with a strong juniper flavor exciting the senses.
The name gin is most likely a derivation of the Dutch word genever, which simply means 'juniper'. This word comes from the Latin juniperus via Old French genevre. Others hold that the name gin is a shortening of the city name

Bombay saphire 100cl
Model: 09020047
<p>Bombay Sapphire is a brand of gin distributed by Bacardi, launched in 1987, having been named via a competitive process whereby a number of leading Madison Avenue agencies were played off against each other.[citation needed] The name hints at the origins of the gin's popularity in the India of the days of the British Raj. Bombay Sapphire is marketed in a flat-sided, sapphire-coloured bottle that bears a likeness of Queen Victoria on the label.</p> <p>The flavouring of the drink comes from a recipe of ten ingredients: almond, lemon peel, liquorice, juniper berries, orris root, angelica, coriander, cassia, cubeb, and grains of paradise. The spirit is triple distilled, and the alcohol vapours are passed through bundles of the herbs and spices in order to gain flavour and aroma. Then, water from Lake Vyrnwy is added.</p>

Collection of Love Lyrics in India
Model: 09010062
<p>Collection of Love Lyrics in India by Laurence Hope (Adela Florence Nicolson)</p> <p>Exotic Eastern poems of love, romance and mystery, with bold and sensuous illustrations of Indian women in deep rich colours.</p> <p>The dominant notes of Indian love poetry are caught here vividly in the poems of Laurence Hope, the pen name of Adela Florence Nicolson (1865-1904), a remarkable woman poet of British India, who lived and loved in Baluchistan and Central India and came to love India and its traditions.</p> <p>Her poems borrow inspiration, images and symbols from the poets of the North-West Frontier of India and the Sufi poets of Persia and have never been bettered since this book first appeared in 1902.</p> <p>The lavish illustrations and decorations accompanying the poems are in the Art Nouveau style.</p> <p>Originally entitled India's Love Lyrics, including the Garden of Kama, this book features 83 poems, including: "Valvogind's Boat Song"; "Mahomed Akram's Appeal to the Stars"; "When Love is Over: Song of Khan Zada"; "Ojira, to Her Lover"; "Deserted Gipsy's Song: Hillside Camp"; "The Regret of the Ranee in the Hall of Peacocks"; "There is No Breeze to Cool the Heat of Love"; "Starlight"; and "Song of the Devoted Slave".</p>

The Hindu Art of Love: A Translation of the Ananga Ranga
Model: 09010063
The Hindu Art of Love: A Translation of the Ananga Ranga by Kalyana Malla. Translated by Sir Richard F Burton. The Indian poet, Kalyana Malla, compiled The Hindu Art of Love (or, as it was originally titled, the Ananga Ranga) to promote overall physical pleasure in marriage. Adding to the great interest and appeal of this unique love treatise is the superb translation by Sir Richard Burton whose purpose in presenting this book was not to encourage 'chambering and wantonness', but to enhance conjugal happiness between husband and wife. His translation is a sincere attempt to save the married couple from monotony and satiety by varying their pleasure in every conceivable way and by supplying them with a means of being physically pleasant to each other. Sexual frankness without a sense of guilt or prurience is the great legacy which the Eastern, and in particular Indian, traditions have given us. The Hindu Art of Love presents itself as a true expression of human culture and as a pillow book for the modern boudoir. It sets forth the principles of sensual pleasure with poetry, wisdom and humour, celebrating love as an ecstatic expression of life's beauty. Sir Richard Burton (1821-1890) was one of greatest travellers and explorers of history. His life was the subject of a recent biography (Captain Sir Richard Burton) and a recent film (Montains of the Moon). Orientalist, linguist, ethnologist, prolific author and member of the Royal Geographic Society, he was one of the most remarkable and controversial men of his century who railed against the 'immodest modesty, cant and hypocrisy of his era.
